ABOUT ME

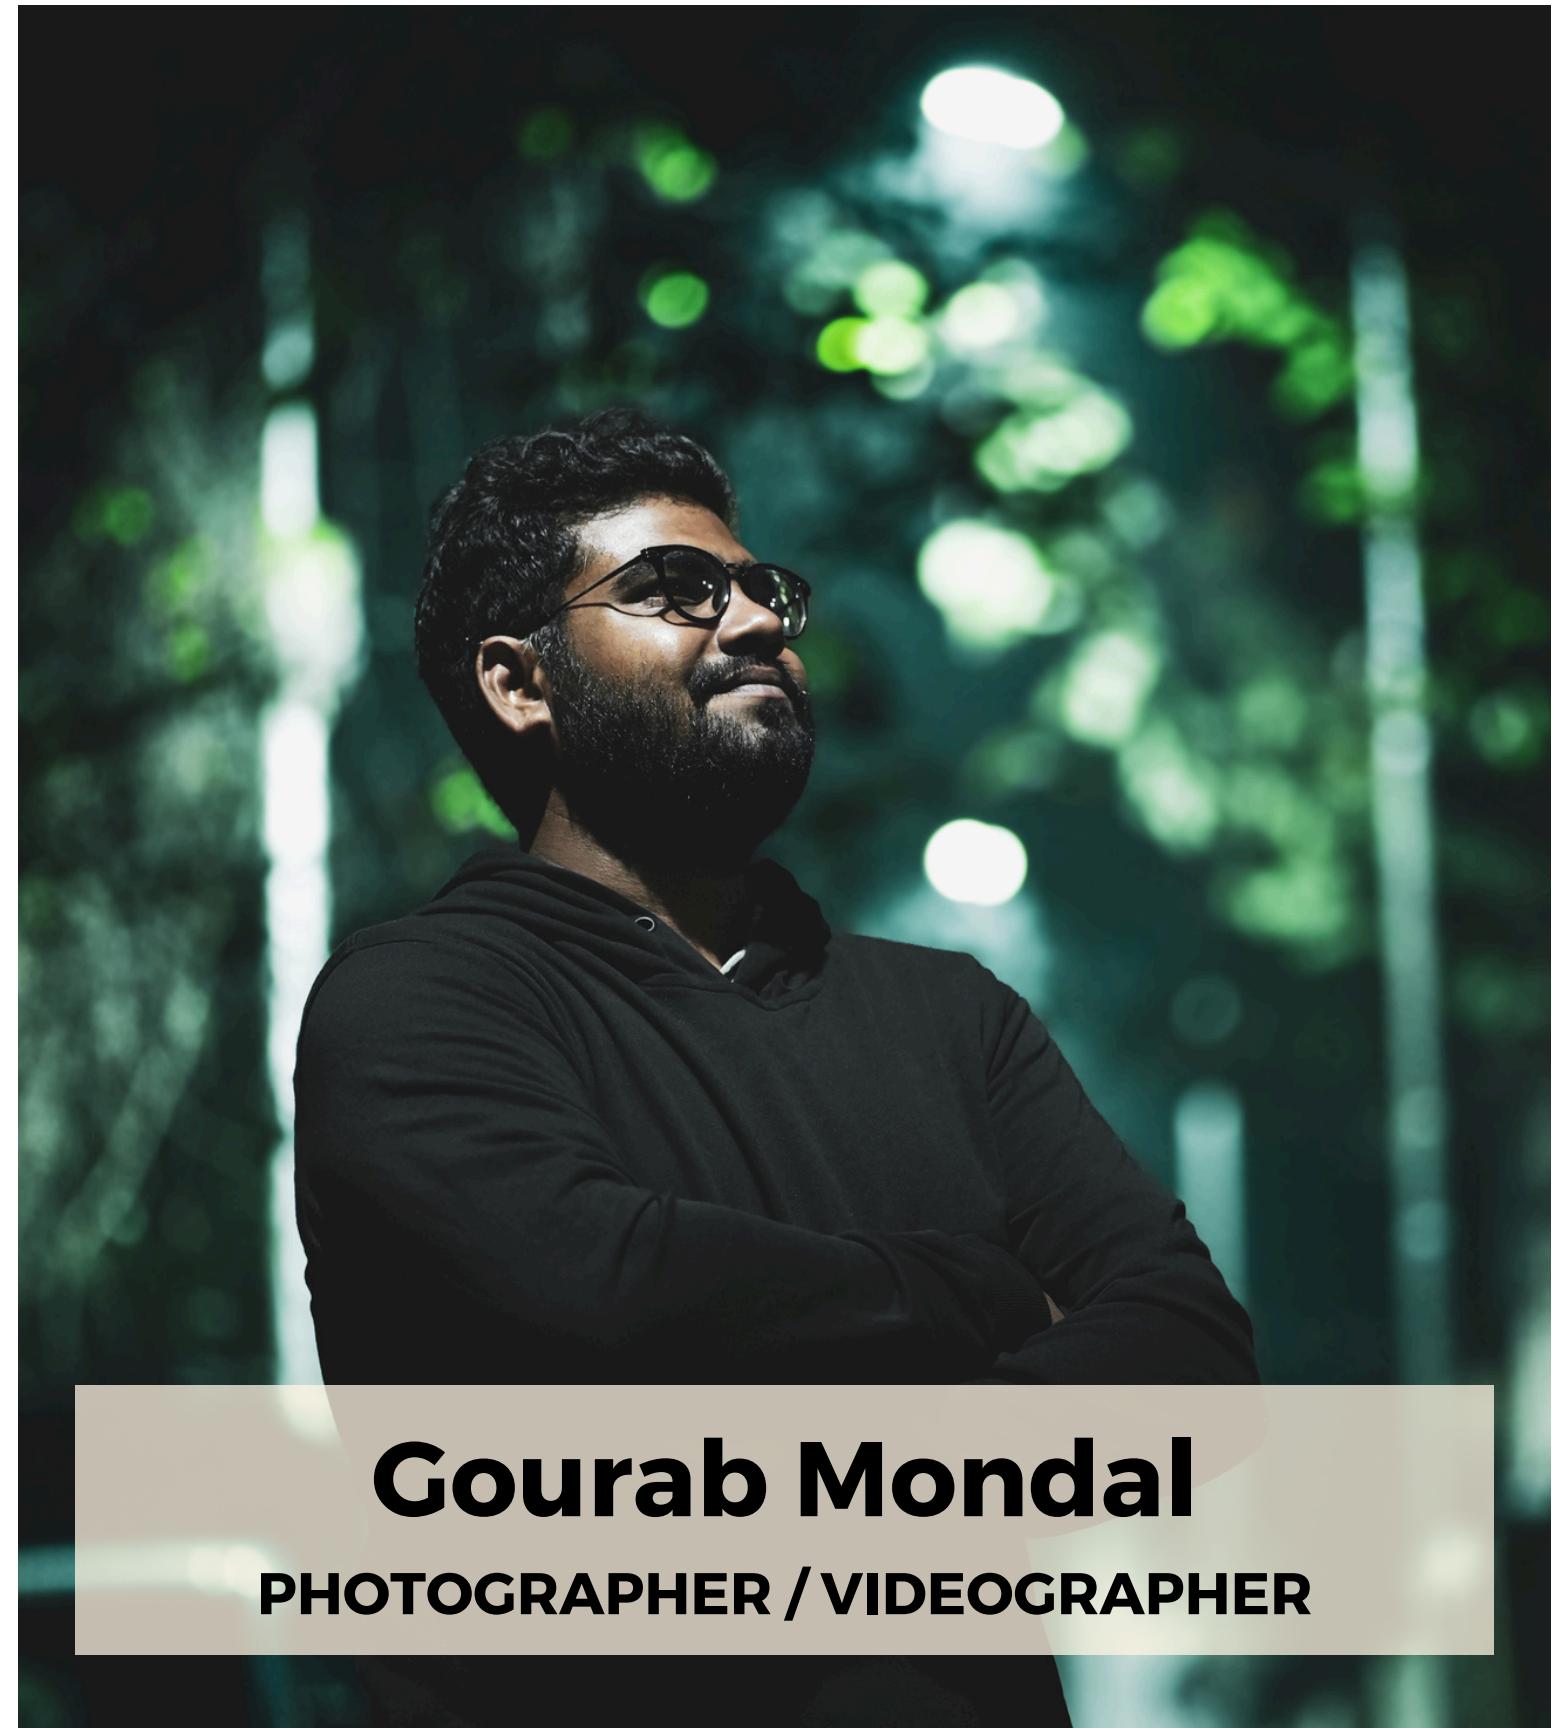

Hi ! My name is Gourab Mondal. I am a creative Photographer & Videographer. I've been doing this for last 13+ years. I always loved taking photos since I was a kid. Later on, when I grew up I learned about the greats like Ansel Adams , Steve McCurry, Raghu Rai, Henri Cartier-Bresson. I studied them, their ideas & perspectives in order to understand what is this all about. I always try to capture the essence of life, in order to showcase the true emotions of people. So that they can keep on cherishing throughout the life.
